# Digital Physician Scale Eye-Level

## 150-10-5

The Rice Lake 150-10-5 digital physician scale is designed for both modern appearance and contemporary function with forward-thinking features. Offering an eye-level digital display, the 150-10-5 physician scale clearly displays weight. Seamlessly capture height and weight with the integrated height rod, which tucks neatly within the scale column. The large, stable scale base is both comfortable and easily transported with two built-in rubber wheels. Whether powered from an optional AC adaptor or standard alkaline batteries, the 150-10-5 is easy to use. Its large push-button display lights up for easy viewing and an audible beep sounds at the end of each weigh cycle.

### SPECIFICATIONS

---

- Capacity: 250 kg x 0.1 kg
- Platform Dimensions: (W x L x H) 36.83cm x 36.83cm x 7.62cm
- Power: 9V DC, provided by six AA alkaline batteries (included) or AC adaptor (optional)
- Battery Type: Six AA alkaline (included)
- Operating Temperature: 14° C to 40° C
- Battery Use: 25 hours continuous use with batteries
- Automatic power-off can be configured
- Display: 5-digit LCD display, 1.9 mm digit height
- Warranty: One-year limited warranty

### FEATURES

---

- Rubber wheels for easy transport
- Large, stable scale base
- Push-button LCD display
- BMI (body mass index) function
- Hold function
- Units of measure: lb only, kg only, lb/kg
- Motiontrap™ movement compensation technology
- EHR capable
- Integrated height rod measures from 70 cm to 208 cm

# Wheelchair Scale

## NWI300-WS

Designed to weigh seated patients. Care and comfort were kept in mind when designing the stable model with a circular steel tube frame. The comfortable seat provides a safe position while the armrests and adjustable footrests make the chair scale more user-friendly. This mobile chair scale, which can be operated by a rechargeable battery provides enormous help in rehab, orthopaedics, dialysis, nursing homes and paediatrics.

### SPECIFICATIONS

Capacity:	250kg x 0.1kg
Chair Dimensions:	(W x D) 35cm x 18cm
Display:	Large LCD display unit mounted behind the chair
Power:	Rechargeable Batteries Power Adaptor
Battery Type:	6V 4Ah Lead Acid Rechargeable
Battery Use:	25 hours continuous use with batteries Automatic power-off can be configured
Operating Temperature:	10° C to 50° C
Warranty:	One-year limited warranty

### FEATURES

- Ergonomic seat for increased patient comfort
- Robust aluminium construction for a long lifespan
- 100g graduation for accurate measurement while sitting
- Locking mechanism on the wheels to ensure patients can't move during the weighing process
- Adjustable footrests for easy access

# Neonatal Dual Scale Range

## 650-10-1

The 650-10-1 neonatal baby scale precisely weighs even the most active babies up to 33 pounds. Motiontrap™ movement compensation technology compensates for involuntary movements and provides a stable, accurate weight reading. Enhanced precision is essential especially when weighing premature infants. The 650-10-1 provides these precise weightments from zero to 10 pounds with accuracy within 0.05 ounces. A two-sided removable tray keeps babies safe and a built-in measuring tape ensures quick and easy measurements.

### FEATURES

- Large, easy-to-read 1.9mm LCD display
- Dual-range capacity for increased precision from 0-10 lb
- Lb or kg locking capability
- Automatic shut-off for long battery life
- Motiontrap™ movement compensation technology
- Built-in measuring tape (0-60 cm x 0.25 cm)

### SPECIFICATIONS

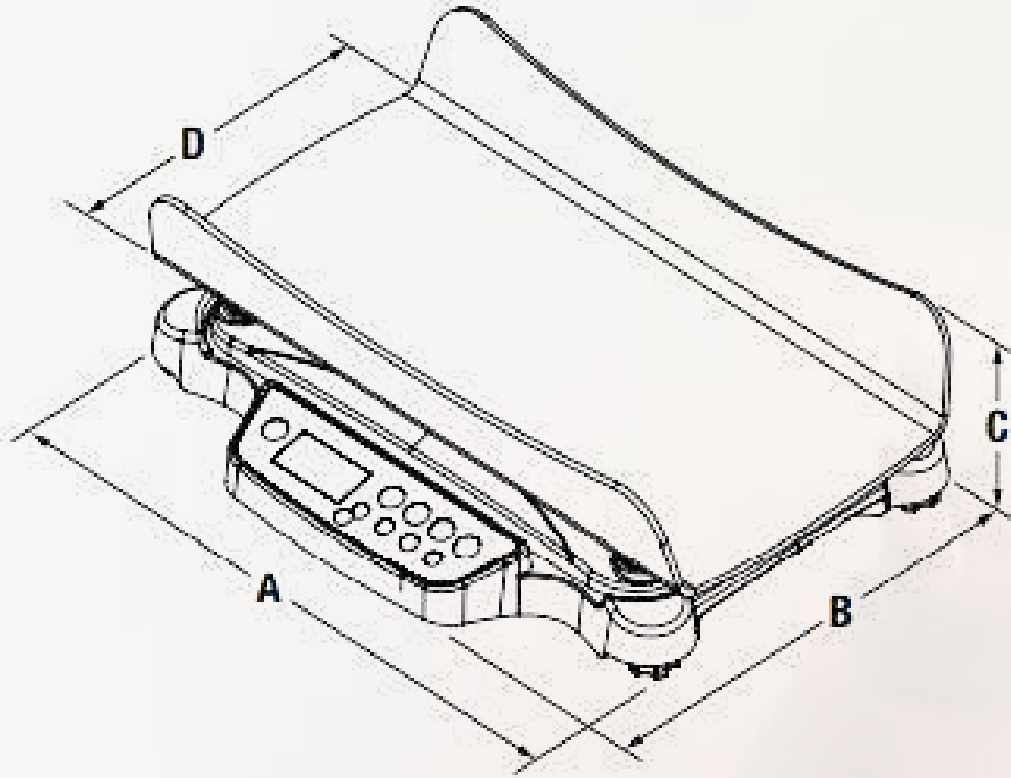

Capacity:	0-5 kg x 1 g 5-15 kg x 2 g
Power:	12 VDC, provided by six AA lithium batteries (included) or AC adaptor (optional)
Battery Type:	Six Li-FeS2 batteries
Warranty:	One-year limited warranty
Display:	5-digit LCD display, (1.9 mm) digit height
Operating Temperature:	14° C to 35° C

NWI Group is committed to ensuring our customers instruments are calibrated and meet all manufacturers specifications and industry regulations. Our specialist service and calibration technicians collectively have decades of experience in calibrating all types of weighing, process instrumentation, analytical and laboratory equipment.

We provide both on-site and laboratory calibrations for 100's of different types of instruments for 1000's of different manufacturers.

Our capabilities extend to the following:

## PATHOLOGY

- Scales\*
- Balances\*
- Masses\*
- Thermometers\*
- Data loggers\*
- Medical Refrigeration\*
- Microscopes
- Centrifuges\*
- POVA\*
- PCR Machines
- Incubators\*
- Timers\*
- Dry Block Heaters

## PATIENT WARDS

- Scales\*
- Balances\*
- Thermometers\*
- Fridges, Freezers & Cool Rooms\*
- Vaccine Fridges\*

## KITCHEN

- Scales\*
- Thermometers (Stab Probes)\*
- Refrigerators, Cool Rooms & Freezers\*
- Timers\*

## BIOMEDICAL

- Electrical - Clamp Meters, Multi-Meters and Appliance Testers\*
- Temperature\*
- Pressure
- Masses\*
- Scales & Balances\*

NOTE: Items with an asterisk next to them can be calibrated with a NATA Certification
